About our Council Plan

The Council Plan is our strategic plan. It tells us what our priorities and targets are for the 2019/20 financial year.

Throughout the year, you can use the Plan to check and monitor our performance. Are we still on track to achieve our priorities? What areas are slipping and need attention? What areas of work have we successfully completed?

Residents, Members and officers can use the Plan to ensure Elmbridge is moving forward, that we are meeting the needs of our residents, businesses and those who use our services, and that we are on track to make our Vision a reality.

As a **resident**, you can use this plan to help:

- understand what we are aiming to do, and the targets we have set for ourselves
- challenge us to provide the services you think are important in an efficient and effective way
- measure whether we are doing what we have said we will do

As a **Member**, you can use this plan to help:

- understand and challenge how we are doing
- get an appreciation of all the different services we offer
- agree our Priorities for the year and what needs to be done
- plan for Elmbridge's future

As a member of **staff**, you can use this plan to help:

- get an appreciation of all the different services we offer and challenge whether we offer value for money
- understand the direction in which we are going
- understand what our Priorities are for the year
- understand how the work you do helps us achieve our Vision

Introduction

The information on the following pages presents our:

- **Vision** – what we would like Elmbridge to be in 2023 guides our medium/long-term plans.
- **Priorities** – shorter term priorities that support our Vision.
- **Objectives** – these are activities we will undertake this year to demonstrate our commitment to our Priorities.

Our vision (2018-23)

Our vision is what we would like Elmbridge to be in 2023 and has been developed from extensive consultation with a range of stakeholders.

How will we measure that we are meeting our vision by 2023?

A responsive and effective Council, protecting and promoting the interests of residents and businesses and safeguarding our environment, while maintaining a community for all.

- 80% of residents see Elmbridge as a good place to live.
- 80% of residents and businesses feel the environment is safeguarded.
- 80% of residents are satisfied with the management of our parks, green spaces and common lands.
- 80% customer satisfaction in our services.
- 80% of residents and businesses believe the council offers value for money.
- 80% of residents and businesses see the council as a leader within the community and would turn to Elmbridge during a crisis.
- Residents, business and community groups feel listened to and have opportunity to influence service delivery through consultation.
- Ensure we are in the top 40 authorities in the UK league table for waste tonnages produced.
- Retain position in top quartile for the number of active businesses in the area.
- Unqualified opinion on financial statements and value for money conclusion.

Our priorities

Our priorities support our Vision and are reviewed every year:

Character and Environment – We will make Elmbridge a sustainable and attractive place.

Quality Services – We will work in partnership to ensure services are efficient, effective and offer value for money.

Economic Development – We will facilitate economic growth, including improved infrastructure and housing.

Community Wellbeing – We will listen to all our residents and support communities to become healthier, empowered and safe.

Our approach to performance management

Our system is easy for Members and Officers to use but also robust and transparent. The diagram below summarises the system and how the Council Plan fits in:

This approach, which we call the 'golden thread', is our way of making sure that everyone's actions are linked to our overall priorities. It works as follows:

- Our overall **council vision** has been set in 2018 for a period of five years (2018 to 2023). The Vision, supported by our **priorities**, sets out how we will ensure we meet the goals of our five-year plan.
- Under each of our Priorities sit several **council objectives**. These detail the activities we will be doing in the current year.
- Each service area also develops **service objectives** for the year to show how they will help support the Council objectives and improve internal processes.
- In addition to service objectives, teams detail their **business as usual functions** to set out what core services they provide on a day-to-day basis.
- Each member of staff has annual objectives set in their **personal action plan**, agreed with their line manager at their performance review, and monitored throughout the year.

Managing our money

We have developed an increasingly sound financial position over recent years, while recognising the pressure on resources which will continue to apply in the future. Against this backdrop, we have implemented and operated a structured approach to service and financial planning. In order to do this, we have established a two-year rolling Financial Strategy, which is reviewed each July in advance of preparing the following year's budget. Our key financial objective is to maintain a balanced revenue budget over the period of the strategy.

The Financial Strategy is based on an analysis of the factors which are likely to impact on our budget over the coming two years. We take account of our Vision, Priorities and significant service pressures, in order to ensure that we can best utilise resources to deliver service targets and to meet our objectives. It is also written in conjunction with other plans and strategies to ensure that we set priorities for future spending in line with our objectives.

The table on page 7 summarises our spending plans for this financial year.

We have shown figures in three separate columns:

- How much we are spending
- How much income we obtain from fees and charges, licences, specific government grants etc.
- The net cost of services, which are financed from Council Tax and Central Government grant

Further details of our spending plans for this year, together with our programme of capital expenditure in the year, are shown at the end of this Council Plan.

Annual Audit Letter

During 2018 we were audited by Grant Thornton, our appointed external auditor, for the 2017/18 financial year. We received an unqualified opinion on the financial statements and a finding that we had proper arrangements to secure value for money.

If you would like more detailed information about our finances or spending plans, please contact the Finance team by emailing finance@elmbridge.gov.uk.

Capital Programme

We are obliged by law to separate our revenue spending (day-to-day running costs) from our capital spending.

Spending on schemes from our capital programme specifically covers acquiring or improving assets (for instance land, buildings and equipment) in order that we can continue to provide services.

This includes expenditure to maintain and improve our own assets, but also grants we give to others for the acquisition or improvement of assets by them (such as modifications to homes by offering Disabled Facilities Grants or building new affordable housing for the local community).

A summary of our capital programme is shown here. Full details of spending schemes for this financial year are shown at the end of the Council Plan.

Our values

Our values reflect our organisation and where we want to be in the future. They reflect the culture of the organisation; how we work as a group of employees and how we approach our roles, our projects, our teams and our customers. Our values help propel us forward as an organisation.

Our values are:

Respect

Being considerate, tolerant and attentive to the opinions and work practices of colleagues and customers is the backbone of this value. With the pressures of work and life it is easy to dive straight into work issues in an email, on the phone or in a meeting without taking the time to find out a little about the people we work with. Respect is also about us acknowledging differing views and working together to find the best solution for our customers.

Quality customer service

This value places our residents and customers at the heart of everything we do. How can we develop the services and systems that best service our residents? How can we ensure that our customers are always at the forefront and in everything we do? How can we ensure we deliver value for money?

With this value, we ensure we look at our services and operations from the customers' perspective and if they are not straightforward or easily understood then we change them.

Progressive

This value places focus on making us better as an organisation through encouraging improvement and change to enable our working lives to become better.

Being progressive is about acknowledging that change is the 'norm' and that we should all be flexible and try to be open to improvement and development for our own benefit and for that of our customers.

Our council objectives

Sections 1 to 4 contain the council objectives we will be undertaking to achieve our council vision. These objectives are grouped by our Priorities:

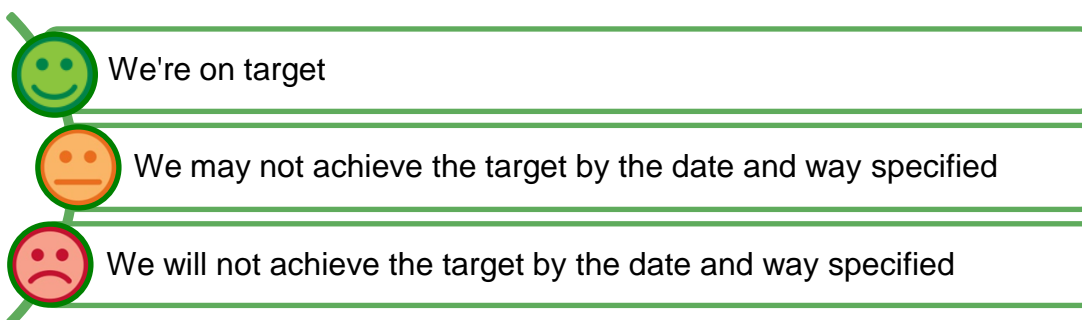

For each objective, we set out activities that will show whether we are meeting the objective and when we expect to complete the objective.

Our objectives also have a reference number, linking them to the Cabinet Portfolios:

- | | |
|--|-------------------------|
| CCD Community and Corporate Development | R Resources |
| E Environment | S Social Affairs |
| H Housing | T Transport |
| P Planning Services | |

When setting our objectives, we consider several factors. These include the services we must provide by law, the issues our residents have identified as important, and other responsibilities such as promoting equality, preventing crime and disorder and encouraging sustainability.

We regularly measure how well we are performing against these objectives by using a traffic light system.

When an objective is marked as amber or red, this is reported to senior officers and elected Members, and they consider what action needs to be taken to address this.

Our performance reports are publicly available and are reported to public meetings. You can find more information on our website at elmbridge.gov.uk.

Section 5: About our teams

Throughout the year, the council provides a range of high quality services to residents, businesses and visitors. Each council team has specific services they are responsible for providing. It is not possible to capture all this work in one document but a summary of what each team provides is set out below.

If you have further queries about any of our services, you can find out more on our website elmsbridge.gov.uk.

Asset Management and Property Services

Asset Management Property Services manage and maintain all assets owned by the council from both an investment and operational aspect. The team provide professional expertise on all property aspects and work with stakeholders to achieve the best outcome in respect of the public estate for the residents of the Borough. Delivery of growth within the local economy will be achieved where possible by using local contractors who can provide the council with value for money on refurbishment projects and new builds. Where appropriate, the team use our assets either through the development of land or adapting current buildings to deliver much needed affordable housing for the Borough to ensure that it meets the needs of the housing demand.

Community Support Services

The Community Support Services team provides a wide range of services to support residents in Elmsbridge, designed to keep people independent in their own homes. Amongst other services this includes: seven Centres, 7 day a week Meals on Wheels service, Community Transport, Community Alarm and Telecare, Dementia services and support to the voluntary sector. The team offers a comprehensive directory of services available for older people, people with a disability and carers as well as service specific information.

Customer Services

Customer Services work with services across the council to design customer contact processes that are easy and efficient to use. The team aim to resolve as many enquiries as possible at first point of contact to deliver consistently high levels of customer satisfaction. We use our customer feedback to make continuous improvements to become more effective and efficient.

Democratic Services

The Democratic Services team compiles, publishes and maintains an annual Register of Electors as required by law and organises Elections and Referendums in accordance with statutory requirements. Democratic Services supports the council's political management structure to ensure sound, open, transparent and accountable decision-making, in delivering the council's priorities.

The team delivers a comprehensive induction, training and support programme for all councilors to enable them to discharge their duties as elected Members of the council in their community leadership, ambassadorial and representational roles. Democratic Services supports the Worshipful the Mayor of Elmbridge as First Citizen of the Borough ensuring that the Mayoralty is run in accordance with statutory requirements and Protocol.

Environmental Services

The Environmental Services team ensure the pay-and-display car parks are well managed; convenient parking is offered to the locality and its businesses; and by working with the County council, they help keep streets smart, clean and tidy. The team additionally licence and regulate activities, such as the sale of alcohol and taxis, and assure food safety standards at food outlets to keep the public safe. Furthermore, they deal with public health and environmental nuisances such as noise and littering to protect the environment, while also working in partnership with other local authorities to oversee the joint delivery of waste and recycling services.

Finance

The Finance team produces the council's budget and Financial Strategy; provides professional financial advice to Members and officers; ensures that the council's accounts are properly closed and audited; and processes the council's payments and receipts and includes the council's taxation responsibilities in respect of the collection of Council Tax and Business Rates. The team also ensures the council appropriately manages risk as well as administers Council Tax Support and Housing Benefits.

Housing Services

The Housing Services team provides a range of high quality services to vulnerable and needy residents of Elmbridge to meet a wide range of needs and supports business and a thriving economy through enabling the provision of more affordable housing. The team responds to housing need and seeks to prevent homelessness through provision of comprehensive advice and where necessary emergency accommodation, regulates private sector housing to ensure homes are healthy and safe, assists older and vulnerable residents to remain safely in their homes and works to increase the supply of affordable housing.

Information & Communications Technology (ICT)

The Information and Communications Technology (ICT) team maintains and develops the technical environment to enable effective delivery of the council's priorities. This includes the day-to-day management and security of the network, telephony, servers, desktops, business software and data. The team also provide first and second line support, including the logging and management of all incidents, service and access requests and take appropriate action to restore normal service as quickly as possible. The team hold responsibility for the provision of ICT training and work hard to implement new and improved technology to transform business processes and maximise service and cost efficiencies across the organisation.

Internal Audit

Internal Audit works with key stakeholders to enhance and protect quality services by providing risk-based and objective assurance, advice and insight.

Legal Services

The Legal Services team protects Elmbridge's environment through targeted prosecutions and regulatory enforcement; providing a quality legal service as evidenced by Lexcel accreditation; facilitating economic growth by securing Community Infrastructure Contributions (if necessary by legal action); making communities safer by taking legal measures that reduce crime and disorder (e.g. Public Spaces Protection Orders); and protecting the council's income base by effective debt recovery and by legal work that assists good property management.

Leisure and Cultural Services

The Leisure and Cultural Services team looks after the council's green spaces, including parks, commons, playgrounds and cemeteries. They manage the leisure facilities including the Elmbridge Xcel Leisure Complex, Hurst pool the Public Halls and the Elmbridge Xcel Sports Hub. They also provide play activities for children, including the Shout! holiday scheme, and support healthy lifestyle, arts and cultural activities including the Elmbridge Museum.

Organisational Development

The Organisational Development team is responsible for driving change and making improvements across the council enabling improved quality services. The team also supports economic development and community wellbeing through providing services in communications, community safety, consultation, economic development, family support, human resources, overview and scrutiny, performance monitoring and council service planning.

Planning Services

The council's Planning Service delivers sound and sustainable planning decisions in a timely and transparent manner. The adoption of a new Local Plan will ensure our policies are up to date and fit for purpose to shape development in the Borough, providing homes and jobs for our residents whilst protecting and enhancing the character and appearance of Elmbridge; including its trees, Conservation Areas and Listed Buildings. The impact of new policies and proposed development on residents and existing communities will be fully explored through public consultation and engagement as set out in the council's Statement of Community Involvement.
