Our wheelchair loan scheme enables people with a mobility impairment to borrow wheelchairs on a short term basis.

Whether you need mobility support coming home from hospital, or whilst visiting friends or family, we can provide a manual wheelchair to support your needs without the expense of buying one.

All our wheelchairs are regularly serviced, and we provide instruction on how to use the chair upon collection.

Inside this booklet you will find our terms of use, as well as instructions on how to join the scheme. On the back is the application form which you will need to complete and take to one of our Centres for the Community in order to be provided with a wheelchair.
How to join the scheme

Joining the wheelchair loan scheme is easy: simply complete the form on the back of this booklet and take it to any of our Centres for the Community. You will also need to provide 2 forms of ID, one of which must be photographic and one which has proof of your address.

Once the team at the Centre have processed your application and payment, they will take you through a safety checklist and familiarize you with use of the wheelchair.
Please note that our wheelchairs are standard weight wheelchairs which support users up to 18 stone. For users up to 25 stone, our Cobham and Walton Centres also have bariatric wheelchairs in stock.

We also offer self propelled and lightweight wheelchairs.

To ensure the appropriate wheelchair is available, we recommend that you contact your chosen Centre before taking in your application, so they can confirm they have wheelchairs in stock.
