

Volunteers Needed

Family Support Team- Elmbridge

Volunteers will be given training and can help as regularly as they would like! We also work with newly arrived Syrian refugees and would welcome support from Arabic speakers.

Support families facing unemployment, domestic abuse, and isolation, through...

- Social support- including children's homework, holiday outings, hospital visits.
- Befriending support- companionship and a listening ear.
- Practical support- such as gardening, decorating, and helping move home.
