Forward

The organisations that make up the Elmbridge Community and Safety Partnership want Elmbridge to be a place where people can go about their everyday lives, day or night, confident in the knowledge that this is a place where people treat each other fairly and with respect, and they are safe from harm or the effects of crime and disorder.

Addressing crime and anti-social behaviour with finite resources and delivering a comprehensive plan is a challenge which we do not underestimate, but one which we accept with enthusiasm and belief that reductions in crime and anti-social behaviour can be achieved. We know that crime is one of the key issues which directly impact upon the quality of life and satisfaction of place felt by our local community, which is why we are putting the needs of the victim at the heart of what we do. To achieve this, we are committed to working openly and closely across organisations to develop and implement solutions which will enable us to meet our Community Safety priorities.

Throughout the year, we will be committed to the following areas:

- Protecting the vulnerable and victims,
- Enhance feelings of safety and build confidence,
- Offender Management,
- Water safety,
- Public space CCTV
- Domestic abuse; and
- Women and girl's safety

This Community Safety Action Plan outlines the way the Elmbridge Community and Safety Partnership will work towards these priorities. We are confident that we can build on the established record of partnership working across the Community Safety Partnership to deliver on this agenda.

What are the Surrey Community Safety Priorities?

Crime is tackled in every local district and borough area by Community Safety Partnerships. These partnerships are made up of a wide variety of organisations all working together to make Surrey a safer place, including:

- [Surrey County Council](#)
- [Surrey Police](#)
- [Borough and district councils](#)
- [Surrey Fire and Rescue Service](#)
- [Clinical Commissioning Groups](#)
- [Surrey and Sussex Probation Trust](#)

Other agencies and organisations determined locally, for example the local social housing provider. The above named organisations are under a duty to formulate and implement a strategy to tackle crime and disorder in their area.

Surrey Boards

In a two-tier authority area such as Surrey, where a County Council works alongside District and Borough Councils, there is a requirement for a county level group. In Surrey, this is known as the Health and Wellbeing Board.

More information can be found at [Surrey County Council Community Safety](#).

Surrey Police and Crime Commissioner

The Police and Crime Commissioner is also responsible for commissioning services that support victims, improve community safety, tackle drug use and crime, and reduce re-offending.

Further information on this role can be found on the [Office of the Police and Crime Commissioners website](#).

The Elmbridge Community and Safety Partnership

The Crime and Disorder Act 1998, section 6, requires the 'responsible authorities', the district and county councils, fire and rescue authority, police service, probation service and Clinical Commissioning Groups, to formulate and implement a strategy for the reduction of crime and disorder in the area with a Community Safety Partnership. The Elmbridge Community & Safety Partnership (ECSP) fulfils this role. The aim of the ECSP is to improve the social, economic and environmental well-being of Elmbridge.

The objectives of the ECSP are:

- To provide strategic leadership and co-ordination between agencies for improving the social, economic and environmental well-being of the borough (and in doing so, ensure that the specific needs of different communities within the borough are addressed).
- To foster positive working relationships between the public, private, voluntary and community sectors.
- To share information and intelligence about the needs of the borough.
- To oversee and co-ordinate community consultation and engagement
- To discharge the statutory responsibilities of the Borough's Community Safety Partnership and for that purpose:
 - To act jointly to seek to reduce crime and disorder in the Borough
 - To develop and co-ordinate the activities of the partners in implementing the Elmbridge Community and Safety Partnership Action Plan.
 - To assist and enable the responsible authorities to exercise their functions under section 17 of the Crime and Disorder Act 1998.
- To make decisions about priorities, programmes, initiatives and the allocation of resources.

Membership of the Board is based on the ability of representatives to make high level strategic and operational decisions, including committing budgets and resources.

Problem solving

To carry out our work, we use the “OSARA” model, which is a 5-stage process consisting of:

- Objective
- Scanning
- Analysis
- Response
- Assessment

The ECSP have two problem solving groups:

- Community Harm and Risk Management Meeting (CHARMM)
- Joint Action Group (JAG)

Community Harm and Risk Management Meeting (CHARMM)

Community Harm and Risk Management Meetings (CHaRMMs) will discuss and agree action to reduce the negative impact that problem individuals and families have on Surrey's communities through their anti-social behaviour. Using the expertise that exists on this multi-agency group, members will share information on high risk cases and incidents and put in place appropriate risk management plans to address the behaviour of the perpetrator and reduce the negative impact on victims.

Examples of individuals dealt with at the CHaRMM include:

- Persons displaying a disregard for community or personal well-being (i.e. excessive noise, rowdy, nuisance, drunken or loutish behaviour)
- Perpetrators of acts directed at people (i.e. intimidation/harassment, making threats, verbal abuse, coercion/exploitation)
- Perpetrators of environmental damage/vandalism (i.e. criminal damage, vandalism)

CHaRMMs are the agreed forum for implementation of tools and powers introduced by the ASB Crime & Policing Act, in particular:

- Civil Injunctions &
- Criminal Behaviour Orders

CHaRMMs are accountable to local Community Safety Partnerships (CSPs) and the overarching, Surrey Community Safety Board, and should contribute to the delivery of local community safety partnerships plans and the overarching strategies of the county Community Safety Board.

Joint Action Group (JAG)

Joint Action Groups (JAGs) will address crime and disorder issues that have been identified through the analysis of intelligence and statistics provided by all community safety partner agencies. Utilising the expertise that exists on the group it will identify desirable outcomes and determine the actions and interventions to be used to achieve these outcomes.

JAGs decide priorities, agree action plans, allocate resources and ensure there is a co-ordinated response to issues highlighted at the JAG and contained within Community Safety Partnership Plans. They play a key role in developing effective partnership responses to crime and disorder and anti-social behaviour reduction. Examples of some of the issues dealt with by JAGs include:

- Residential burglary
- Town centre disorder
- Youth disorder/nuisance
- Anti-social behaviour and public reassurance
- Fear of crime and vulnerable groups
- County Lines

Serious Organised Crime Joint Action Group (SOC JAG)

The Partnership also hold a quarterly serious organised crime joint action group chaired by Surrey Police.

Joint Neighbourhood Survey – Surrey Police

The Joint Neighbourhood Survey (JNS) is a joint Surrey Police and Surrey County Council survey that provides quarterly results around public confidence, local problematic issues, crime prevention and contacting the police. It is also used to evaluate campaigns and to provide more in-depth feedback on specific issues. The JNS is sent out to Surrey residents, who are called by a Market Research company who conduct the survey on behalf of Surrey Police and Surrey County Council. CSP 2022/23 Overview

Considering priorities from our partners and other community safety focused surveys, including our most recent community safety survey 2022, we have designed the three priorities that best reflect our areas of work for the year ahead.

Commitments

- Domestic abuse
- Anti-social driving
- Water safety
- Women and girls safety

Priorities

Priorities for the Elmbridge Community and Safety Partnership 2022/23 are as follows:

Priority 1	Protecting the vulnerable and victims
Priority 2	Enhance feelings of safety and build confidence
Priority 3	Offender management

In each of our three priorities, we have identified the key deliverables and how we will measure and report on those - these are just some of the activities, amongst others, that the ECSP deliver.

Communications

Throughout the year, we will continue to work with our partners to raise awareness of a range of community campaigns through all of our communication channels on the following, but not limited to:

- The ACT Campaign
- Hate crime
- Cuckooing
- Domestic abuse
- Serious violence
- Scams
- Child exploitation
- Seasonal campaigns
- Catalytic converter theft
- Water safety
- Anti-social driving
- Protect duty

The campaigns often aim to encourage reporting, tell people what to look out for and provide support to our most vulnerable.

Respect the Water

Our Respect the Water campaign has been running since 2018 and we have a plan dedicated to water safety in Elmbridge.

The ECSP monitor progress on the [Respect the Water plan](#).

The ECSP will commit to:

- Meeting regularly with partners to discuss the Surrey wide Water Safety strategy
- Hold at least one water safety events at key locations across the year
- Include river and pond safety in the Junior Citizen programme

Domestic abuse

Under the new Domestic Abuse Act, Elmbridge will have a legal duty to provide life-saving support such as therapy, advocacy and counselling in safe accommodation, including refuges; for example, within sanctuary schemes, dispersed accommodation, and refuge. The types of support commissioned will need to reflect the needs identified and the approaches agreed to in the local strategy.

The ECSP will commit to:

- Spending the allocated funding relating to the support in safe accommodation duty as per the domestic abuse Act.
- Contributing to the Surrey Domestic Homicide Review Central Support post between 2022 and 2025 to ensure reviews are adequately carried out and learning shared across Surrey
- Hold at least 3 domestic abuse webinars
- Participate in domestic abuse awareness week in November 2022

Cybercrime

We recognise that cybercrime is a concern to our residents and we will commit to raising awareness of these crimes, in their various forms, through social media, and community engagement events, along with making residents' voices heard in national discussions on cybercrime and its prevention.

Women and girls safety

Women and girls should be able to live free from fear of violence, but sadly that fear is often grown from a young age. Whether it is experiencing harassment in the street through to other forms of gender-based abuse, being the victim of such behaviour has become 'normalised' as part of daily life.

The Elmbridge Community and Safety Partnership want women and girls in Elmbridge to be safe and feel safe in public and private spaces. Combatting the scourge of Violence Against Women and Girls needs widespread societal change to address misogyny and gender inequality.

Everyone has a role to play in addressing unacceptable behaviour in others. Violence Against Women and Girls encompasses a wide range of gender-based crimes including domestic abuse, sexual offences, stalking, harassment, human trafficking and 'Honour' Based Violence. We know these crimes disproportionately affect women and girls, with women four times more likely to experience a sexual assault than men.

We will commit to:

- Ensuring lessons and actions needed from domestic abuse death reviews are acted upon
- Play an active role in all key strategic partnership boards and groups focused on tackling violence against women and girls
- Reviewing the [Streetsafe data](#) on a regular basis and act accordingly to address concerns and [issues](#)

All victims of crime should have access to proper support. A successful approach to tackling violence against women and girls and keeping everyone safe is to recognise that whilst some offences can be committed by females, the vast majority of abuse and violence is perpetrated by men and the Partnership will continue to work closely to deliver a coordinated community response where concerns are raised.

Anti-social driving

The Community and Safety Partnership will work closely with Surrey Police's Casualty Reduction Officers and Surrey County Council Highways to ensure the key areas of concern are highlighted.

The Council's Joint Enforcement Team will work closely with Surrey Police and the County Council to patrol areas of concern.

Priority 1: Protecting the vulnerable

As a Community Safety Partnership, we see it as our duty to ensure that we work to improve outcomes for victims with the same level of fervency that we devote to working with offenders. The Community Safety Partnership puts victims at the centre of work it does, to ensure that they: feel safe; are supported throughout the criminal justice process; are supported to engage in restorative justice where appropriate; reduce possibility of becoming a repeat victim; and are supported to achieve positive life outcomes and feel that they are part of the local community.

Vision

To ensure all victims in the Borough are given the appropriate level of support to feel safe and to tackle issues that may have emerged as a result of being a victim of crime or anti-social behaviour.

Every individual who resides, works in or visits Elmbridge must have confidence in local criminal justice services and all partnership agencies. As a Community Safety Partnership, we have worked tirelessly to prevent and reduce offending and it is crucial that we build on and effectively communicate our work to continue to improve public confidence and community cohesion.

Vision

Monitoring

The Community and Safety Partnership monitor a number of performance indicators to see how it is dealing with crime and disorder in the Borough, these include but are not limited to:

- **Reports of anti-social behaviour;** to monitor the number of ASB incidents in the Borough
- **Reduction in serious acquisitive crime;** to show that operations, communications, intelligence sharing, and other disruption activity is working
- **No. of incidents of domestic abuse;** a complex figure, as rises in known incidents can indicate an improvement in reporting – meaning perpetrators can be held to account and victims supported-rather than an increase in incidents.
- **Reduced risk attributed to victims of ASB;** this will show confidence in community safety and ability to manage complaints.

Keep a track of crime and anti-social behaviour on the [Police website](#).

Community Trigger

The Community Trigger was introduced by the Anti-Social Behaviour Crime and Policing Act 2014 and went live on 20 October 2014. It gives victims of anti-social behaviour (ASB) the right to request a review of their ASB complaints and brings agencies such as the local council, police and housing providers, together to take a joined up, problem solving approach to find a solution.

If a Community Trigger submission meets the defined threshold, a case review will be undertaken by your local Community Safety Partnership. Agencies will share information, review what action has been taken and decide whether additional actions are possible.

The Office of the Police and Crime Commissioner will provide a route for victims to query the decision on whether the threshold was met or the way a Community Trigger review was carried out if they remain unhappy following the Community Safety Partnership's response.

We welcome the opportunity to review cases of Anti-social Behaviour, but a community trigger application may be rejected if it is thought to be prejudicial, discriminatory, malicious, unreasonable or vexatious.

How many community triggers have there been to date in Elmbridge?

- 2016/17: 0 Community Trigger submissions.
- 2017/18: 1 Community Trigger submissions. This did not meet the threshold for review.
- 2018/19: 3 Community Trigger submissions. These did not meet the threshold for review.
- 2019/20: 5 Community Trigger submissions. These did not meet the threshold for review
- 2020/21: 6 community trigger submissions. One did not meet the threshold for review.

Equality and Diversity

The Elmbridge CSP is committed to ensuring equality of opportunity in the delivery and accessibility of its activities. Except where activities are specifically and legally targeted to address the needs of particular sectors of the community, the Partnership will ensure equitable access to these regardless of a person's gender, gender identity, race and ethnicity, disability, sexual orientation, religious affiliation (or none), age, condition of pregnancy, marital status, level of income, family responsibility, family definition or educational attainment. Partners are committed to providing a safe environment free from unlawful discrimination and harassment both in employment and service delivery.

Additionally, the Partnership recognises that some of its constituent partners who are public authorities are subject to additional legislative requirements with respect to equalities and diversity, enshrined in their various equality schemes and/or equality plans. These duties commit such authorities to ensuring that any partnerships they enter into meet the statutory equality duties forbidding discrimination which they themselves are subject to. Further details can be obtained by consulting the relevant equality schemes and equality plans operational in those authorities.
