
Taxi ranks

Introduction

Taxis can be hailed in the street or hired immediately from a taxi rank without having to book the taxi in advance of your journey. Taxis licensed by Elmbridge Borough Council will have a "Taxi" sign on the roof of the vehicle and will display a blue plate on the rear of the vehicle. The plate will show the taxi plate number and licence expiry date.

Private hire vehicles cannot be hailed in the street and cannot wait for customers on a taxi rank. You must always book your private hire vehicle in advance of your journey. Private hire vehicles licensed by Elmbridge Borough Council will display a red plate on the rear of the vehicle.

Please do not hire a private hire vehicle immediately from a taxi rank as this is unlawful and may be unsafe.
