Note

Corrections to CD002: Sustainability Appraisal- June 2022

Appendix 1: Peer review note.

The paragraph numbers referenced in Table 1 of Appendix 1 in the Sustainability Appraisal- June 2022 (CD002) report are not correct. They reflect an earlier draft version of the SA produced in January 2022 and were not updated to reflect the paragraph numbering of the final version of the SA published in July 2022 for the Regulation 19 consultation.

The following table identifies the incorrect paragraph references within Table 1 of Appendix 1 in the SA report and provides the correct paragraph reference.

Table 1. Legal compliance of sustainability appraisal of the Elmbridge draft Local Plan.

SEA requirement	Covered by the SA documents?	Correct paragraph references
1. An outline of the contents and main objectives of the plan or programme, and of	Para. 3.2 shows the plan vision. Para. 3.11 shows the plan 'principles' (objectives)	Para. 3.5 shows the plan vision. Para. 3.14 shows the plan 'principles' (objectives)
6. The likely significant effects on the environment, on issues such as—	Plan objectives/principles assessed at para. 3.4-3.16 and Appendix 2.	Plan objectives/principles assessed at para. 3.7-3.19 and Appendix 2
	Plan options/alternatives/sites assessed at para. 3.17-3.82, with additional information in the SA scoping report 2016, Alternative Development Options paper 2016, SA report 2019, Land Availability Assessments 2018 and 2021, Green Belt Boundary Review etc. Plan policies assessed at para. 3.83-3.95 and Appendix 3, with additional information in the Land Availability Assessment 2021	Plan options/alternatives/sites assessed at para. 3.20-3.88, with additional information in the SA scoping report 2016, Alternative Development Options paper 2016, SA report 2019, Land Availability Assessments 2018 and 2021, Green Belt Boundary Review etc. Plan policies assessed at para. 3.89-3.101 and Appendix 3, with additional information in the Land Availability Assessment 2021
These effects should include secondary, cumulative, synergistic,	Overall/cumulative impacts of the plan are at para. 3.97-3.106 and 3.108 Secondary/indirect impacts	Overall/cumulative impacts of the plan are at para. 3.113 and 3.115

short, medium and long- term, permanent and temporary, positive and negative effects	of the plan are at para. 3.108 Synergistic impacts of the plan are at para. 3.110. Short-term/temporary and long-term impacts of the plan are at para 3.110 Permanent impacts of the plan are at para 1.110 Permanent impacts of the plan are at para 1.111	Secondary/indirect impacts of the plan are at para. 3.114 Synergistic impacts of the plan are at para. 3.116 . Short-term/temporary and long-term impacts of the plan are at para 3.116 Permanent impacts of the plan are at para 3.117
7. The measures envisaged to prevent, reduce and as fully as possible offset any significant adverse effects on the environment of implementing the plan or programme.	Table 17 lists plan policies that act as mitigation for the negative impacts of other plan policies. Para. 3.116-3.119 document changes to the plan policies (mitigation measures) made as a result of the SA process.	Table 17 lists plan policies that act as mitigation for the negative impacts of other plan policies. Para. 3.122-3.125 document changes to the plan policies (mitigation measures) made as a result of the SA process.
8. An outline of the reasons for selecting the alternatives dealt with	Para. 3.17-3.69 provide a detailed explanation of the alternatives considered, and the problems/issues related to each alternative. The SA concludes that Alternative 4A is the preferred alternative.	Para. 3.20-3.75 provide a detailed explanation of the alternatives considered, and the problems/issues related to each alternative. The SA concludes that Alternative 4A is the preferred alternative.
9. A description of the measures envisaged concerning monitoring	Para. 3.112-3.115 discuss this, and Table 18 provides a list of proposed monitoring indicators.	Para. 3.126-3.128 discuss this, and Table 18 provides a list of proposed monitoring indicators.
